Summary

ReactJS Frontend Developer with over 1 year of experience building scalable, responsive, and user-friendly web applications. Skilled in React.js, Next.js, TypeScript, JavaScript, and modern frontend technologies. Expert in converting Figma designs to pixel-perfect, production-ready code with attention to detail. Strong understanding of SEO best practices, semantic HTML, API integration, and web performance optimization. Proficient in WordPress with Advanced Custom Fields and UI frameworks including Ant Design, Tailwind CSS, Material UI, and Chakra UI. Experienced with Frappe, ERPNext, Firebase integration, state management solutions, and Vercel deployment. Strong command of CLI environments and Ubuntu Linux. Passionate about frontend development, UI/UX implementation, ERP solutions, and creating exceptional user experiences.

Education

Bachelor of Science in Information Technology - Oct 2020 – Sep 2024

University of Chakwal, Punjab, Pakistan

Experience

MicroMerger Pvt Ltd (Feb 2025 – Present)

Software Engineer, Islamabad, Pakistan

- Develop **dynamic web applications** using **React.js, Next.js, and WordPress solutions with ACF**.
 - Convert **Figma designs into pixel-perfect, responsive React components** with strong attention to UI/UX.
 - Implement **SEO best practices** including semantic HTML, meta tags, and structured data for optimal performance.
 - Build **responsive dashboards and admin panels** using **Ant Design, Material UI, Chakra UI, HTML5, CSS3, and JavaScript**.
 - Work with **Frappe and ERPNext frameworks** to develop business applications and ERP solutions.
 - **Integrate APIs** and manage data-driven functionality across applications.
 - Deploy applications to **Vercel** and maintain production environments.
- Delivered projects like **Speedy Eats**, a dynamic WordPress website with **custom CMS integration and responsive design**.

Key Skills: React.js, Next.js, TypeScript, JavaScript, WordPress (ACF), Frappe, ERPNext, API Integration, Tailwind CSS, Material UI, Chakra UI, Ant Design, Responsive Design, SEO, Vercel Deployment.

Alphabase (US-based) (Nov 2024 – Jan 2025)

Frontend Intern, NSTP, Islamabad, Pakistan

- Developed Qotion, a Notion-style collaborative table application
- Converted Figma mockups into functional React components
- Implemented state management using Jotai, Zustand, React Context API
- Enhanced UI/UX on Zaplead.ai platform
- Collaborated using Git for version control

Juhuu GmbH (Austria-based) (Sep 2023 – Mar 2024)

Frontend Developer, Remote

- Designed, developed and maintained web applications using React.js, Tailwind CSS, and JavaScript.
- Built the JUHUU Marketplace and BikeBox websites, optimizing for performance and responsive design.
- Collaborated remotely with the JUHUU team to iterate on UI/UX and implement new features.

BestMobile.pk (Jan 2020 – Jun 2024)

Social Media Manager, Remote

- Managed social media strategy across multiple platforms
- Created visual content using Photoshop and After Effects

Projects

PeekGamer (2025) – Next.js, TypeScript, Ant Design

- Game discovery platform with SSR, advanced search/filter, custom dark UI, and favorites saved via localStorage.

StitchSmart (2025) – React, TypeScript, Firebase, Zustand

- Tailor shop management system with role-based access, analytics, payments, and offline support using IndexedDB.

Qotion (2024) – React, TypeScript, Firebase

- Notion-style table clone with drag-and-drop and real-time sync.

KaTable App (2025) – React, TypeScript, MUI

- Custom editable data table with localStorage persistence.

PlantPulse (2024) – ESP32, React, Firebase

- IoT-based greenhouse monitoring system with real-time sensor dashboard.

Cinematic Vistas (2024) – React, TypeScript, API Integration

- Movie browsing platform with search, filtering, and responsive UI.

ExplorePak (2024) – PHP, MySQL, Bootstrap

- Tourism management platform with admin panel for packages and bookings.

Speedy Eats (2025) – WordPress, ACF

- Dynamic restaurant website with custom theme and SEO optimization.

BikeBox – JUHUU GmbH

- E-commerce site for bike rentals; implemented product listing, filtering, booking, and mobile optimization.
